PUREZZA™

PREMIUM WATER

T-bar Tower

Contemporary design with the flexibility to fit any setting.

Available in four colours and up to three dispensing points to fit any setting. When combined with the Frizzante Box provides chilled, ambient and sparkling water with mechanical taps.

KEY TECHNOLOGY

When fitted with Frizzante Box

Performance filtration
When attached to our recommended, high capacity professional grade filters, the dispenser addresses colour, taste, odour, for great tasting, crystal-clear water.

Ice Bath cooling technology
The Ice Bath water cooling system delivers high volumes of ice-cold water, catering for environments where such a need is paramount.

Available with **R290 gas** Zero environmental impact

R290 gas
Eco-sustainable refrigeration using R290 gas, for low enviromental impact

Inline UVC Purification System (optional)
Inline UVC Purification System offers one of the highest level of microbiological protection in the industry, eliminating up to 99.9999% of waterborne bacteria and viruses.
Unlike a standard UVC inline lamp.

Features

- Stainless steel and sleek design for optimum hygiene and easy cleaning

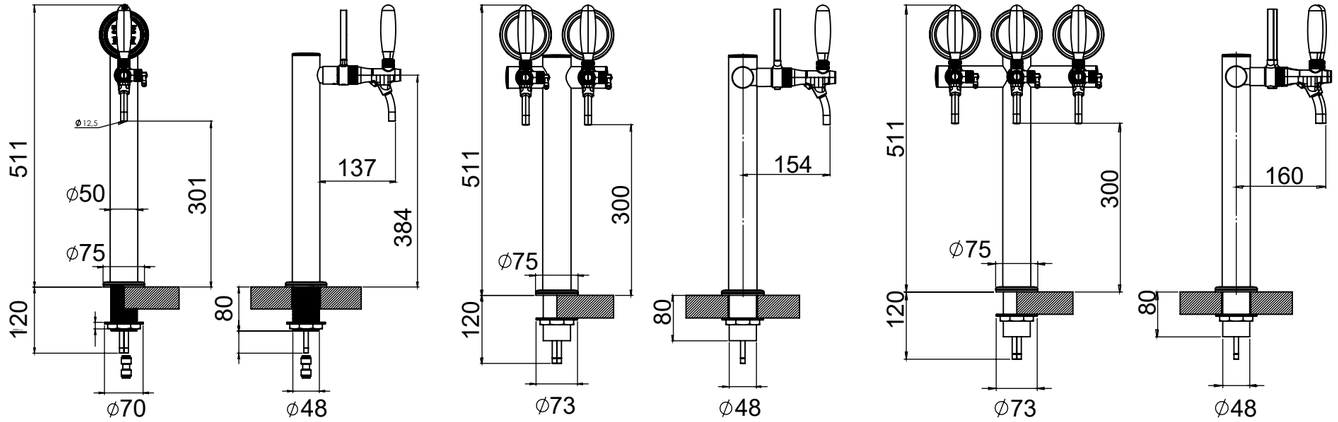

- Available in black, white, bronze and steel colours
- T-bar comes standard with intuitive medallions that identify the type of dispensed water, ensuring a seamless user experience

- Dispense area, suitable for bottles up to 300 mm
- Available with:
  one water option ambient
  two water options chilled and sparkling
  three water options chilled, ambient and sparkling
