

PUREZZA™
PREMIUM WATER

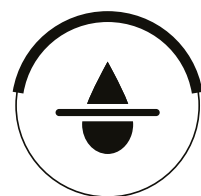

Frizzante 80 manual

The intuitive hospitality solution with
mechanical tap dispensing.

The Frizzante 80 is a robust and reliable dispenser providing chilled, ambient and sparkling water. Created for hospitality environments where ease of use matters.

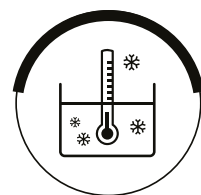

KEY TECHNOLOGY

Performance filtration

When attached to our recommended, high capacity professional grade filters, the dispenser addresses colour, taste, odour, for great tasting, crystal-clear water.

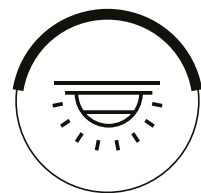

Ice Bath cooling technology

The Ice Bath water cooling system delivers high volumes of ice-cold water, catering for environments where such a need is paramount.

R290 gas

Eco-sustainable refrigeration using R290 gas, for low environmental impact.

Inline UVC Purification System (optional)

Inline UVC Purification System offers one of the highest level of microbiological protection in the industry, eliminating up to 99.9999% of waterborne bacteria and viruses.

Features

- ▶ A modern, clean design with external surfaces in stainless steel to facilitate easy cleaning
- ▶ Adjustable drip tray height to easily fill different sized bottles, with a dispensing point for bottles of up to 280 mm

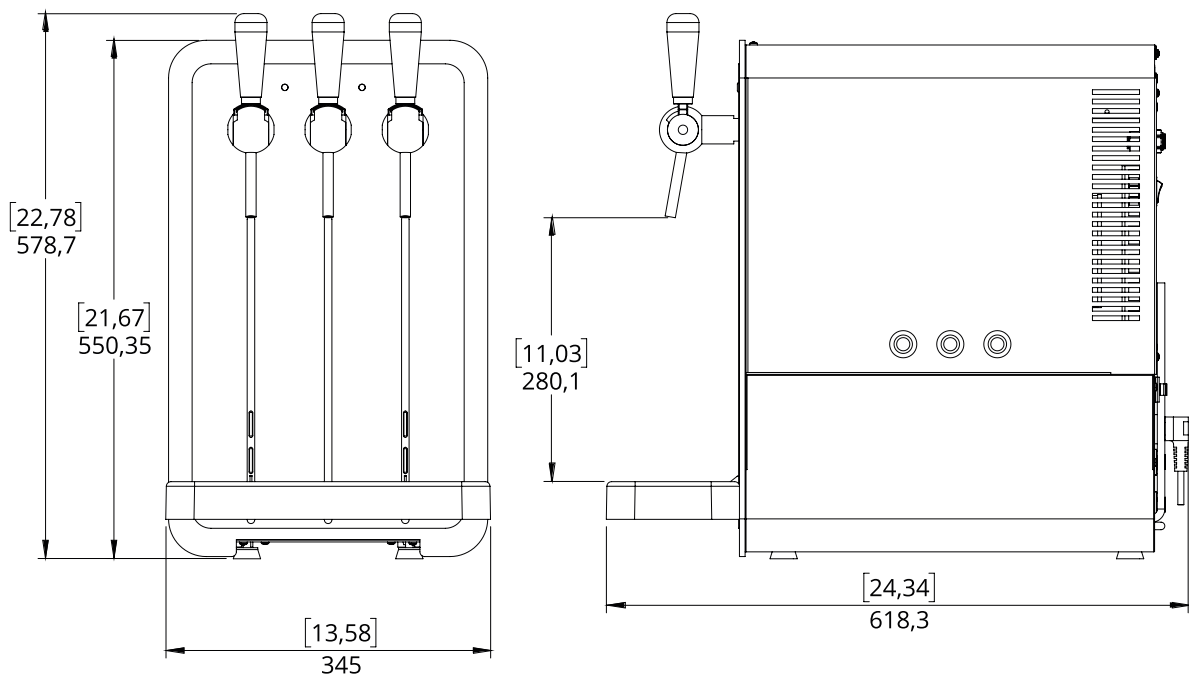

- ▶ Available in countertop and freestanding versions (with optional base cabinet)

- ▶ Three water dispensing options: chilled, ambient and sparkling water
- ▶ Practical mechanical taps allow flexibility when dispensing making it ideal when using in self-service environments
- ▶ Up to 80 litres per hour
